

To all Years 4 to Year 6

Hi All,

How are you going?

Schools finished for this term and we are looking forward to the holidays?

Did anyone have any feedback from last week's lesson.

I would love to hear how you went

My email address:

jan.cook01@gmail.com

So the Lesson for this week:

God is in control!

Some Questions

If God is in control, why Corona virus?

Why are people scared?

What do I do if I'm scared?

(I'm hoping you guys are talking to who you feel comfortable with chatting to)

DO NOT FEAR

G O D I S I N C O N T R O L

The Lesson

Watch this video

www.youtube.com/watch?v=TvHqHzDuDcw

I guess things have been changing due to Corona virus

- Schools finished for the term
- Shops are shutting
- We need to stay inside -social isolation is the new word around the place.
- Now we don't get to bible class or the fellowship anymore
- Camps are cancelled
- It's kind of like life is a Netflix show that's stuck on buffering, and we're all trying to figure out what we should do while we wait for it to come back!

We all know that when things seem scary, we can trust God, right? Have you heard that Veggie Tales song, God Is Bigger than the Boogeyman?

<https://www.youtube.com/watch?v=LK72--ZsM4>

It's all about how no matter how scared we are or what's going on, God is in control.

Sometimes we might feel like things are out of control if they aren't like usual, but that's not true.

God is always in control...

God's been through this before ... and God knows how to heal it.

The 10 Lepers

Watch this video

<https://www.youtube.com/watch?v=GVBZH8oRp0>

When Jesus lived, there was a disease called leprosy.

Leprosy causes bumps on your skin and it makes it so the nerves in your arms and legs don't work properly. We know now that it's not super contagious, but back then, people thought you could get leprosy just by touching one another. So you know what they did?

They sent people to their rooms!

Lepers would be sent away from the people they loved because they were so afraid that others would get it, too. They'd live with other people who had leprosy, or by themselves. They didn't have

FaceTime, Mobile phones, or Netflix either, so once they were sent away, it was hard to keep in touch with the people that love them.

One day Jesus is walking outside, and ten lepers called out to them from far away. They kept their social distancing, but they were still close enough to talk to Jesus if they yelled! Jesus told them to go to the priests, and once they did, something amazing happened...

They were healed! The spots on their arms went away! They could rejoin their families! One of them was so excited he ran back to Jesus and praised him!

One day, Jesus will heal the sick. The world will return to normal, and yes... you will have to go to school again! But until we can be together again, we don't have to be scared because God is bigger than any disease. He's still in control and we can praise Him!

Hope this helps!

Let me know how you found the lesson

Have a great week.
